HURRICANE LASHES CAROLINA COAST

Gales Sweep Path 300 Miles Wide Up the Coast From the Carolinas During the Night—No Distress Signals

VESSELS SEEK SHELTER

Disaster Prevented By Warning Being Issued of the Approach of the Hurricane Yesterday Afternoon, And Many Coastal Vessels Seek Shelter

Washington, August 26. — The tropical hurricane that lashed the North Carolina coast, has careened northeastward, the weather bureau reported today, warning the entire coast line up to Boston of the approach of the storm.

Gales swept a path 30 miles wide up the coast from the Carolinas during the night, but no distress signals from ships at sea were received by the naval communications service here.

A warning was issued of the approach of the hurricane yesterday afternoon and many coastal vessels sought shelter before it broke.

Coast guard headquarters maintained an all-night watch so that its resources might be rushed immediately to any of the stricken areas along the coast. But no reports were received. The fury of the gales broke off communication of some of the coast guard stations around Cape Hatteras where the hurricane centered. Orders were sent out early in the morning to all coast guard stations on the New Jersey coast to prepare for instant action.

Four steamers were reported in the center of the gale. They include the Creole, the Hugh Luaa, the El Occidente and the William Rockefeller, a Standard Oil tanker.

The weather bureau reported that the barometer at a coast guard station 25 miles north of Cape Hatteras dropped to 29.22 inches, the lowest it has been reported in years.

The harbors along the coast down to Wilmington, N. C., were reported filled with ships which sought shelter from the hurricane.

Telephone and telegraph wires were cut down in some counties of Virginia and South Carolina, leading officials here to believe this interruption of communication might be responsible for their lack of details from the stricken areas. Weather bureau lines were down below Cape Henry, Va.

A report was received that Ocracoke Island, just off the coast from Beaufort, Va., was being flooded by mountainous waves lashed up by the gales. Telegraph and telephone communication went out soon after the report was received. The island has several hundred inhabitants. The wind reached a velocity of 48 miles an hour at Cape Henry, Va. At some points a velocity of sixty miles an hour was reported.

At ocean beach resorts all along the Maryland and Virginia coasts high tides, rough seas and heavy winds were reported with little damage.

CROWE SAYS BOYS MUST BE HUNG

Criminal Court Room, Chicago, August 26.—"They must hang."

This was the reply today of State's Attorney Robert E. Crowe to the dramatic plea of Attorney Clarence Darrow for the lives of Nathan Leopold and Richard Loeb.

Crowe put the finishing touches to his answer to Darrow and declared to the United Press he has not been moved a hair from his decision to demand the gallows for the youths who killed Robert Franks, 14.

"This murder was deliberate; it was cold-blooded; it was committed after much calculation and careful planning," he said. "Nothing but the extreme penalty fits this case and although I have been deeply impressed by Mr. Darrow's eloquence for mankind in general I hold that only one punishment fits this crime—and that punishment is death."

Crowe said he probably would require not more than one court day—four hours—to sum up for the state. He may take somewhat longer, depending on what Benjamin Bachrach, another defense attorney, who closes for the defense, has to say.

Bachrach will take up the psychological aspects of the case at the opening session today. He expects to finish some time during the afternoon but he said he would make an effort to complete the argument by the end of the morning session. Crowe said he would start summing up the case when Bachrach concludes. If this program is carried out the case should be in the hands of Chief Justice John R. Caverly by Wednesday afternoon.

Huston Predicts Big Vote For Coolidge

McCready Huston, formerly of Brownsville, now editorial writer with the South Bend, Ind., Tribune, is spending a week in Brownsville, as the guest of his parentas, Dr. and Mrs. J. A. Huston. He began his newspaper career on the old Brownsville Clipper, then with the Uniontown Herald, and later was an editorial writer on the Pittsburgh Gazette-Times. He is also a short story writer of note, and contributes to many publications of the country. Speaking of the political situation as seen in the middle west, Mr. Huston said:

"Coolidge and Dawes will carry Indiana, Illinois and Michigan. The rise in farm prices and the improvement in business in industrial centers, of which South Bend is typical, augurs a continuation of the present administration. It is unlikely that many Republican leaders in the west and northwest will risk their hopes of power and patronage on the LaFollette candidacy. They know they have everything to gain by being regular. There is quite a difference between talking LaFollette in August and voting for him in November. As for Davis and Bryan, they have lost much in the last month. Indiana politicians say that Davis will talk himself out of whatever Republican votes he might otherwise have had on account of the discontent in Democratic ranks. Bryan has already hurt Davis by his pacific statements and Walsh by his bitter personal attacks on Coolidge.

"It is doubtful if Davis will run any better than Cox in 1920. He could do better, but his venomous attacks on Coolidge have made it impossible for Republicans to vote for him."

BOY'S CONDITION IS UNCHANGED

John Dancek of Bentleyville, the 16-year-old boy who is confined in the hospital at Washington as the result of being struck on the head by a heavy bar on a grading machine, unexpectedly released while at work lat Friday on the Charleroi-Bentleyville highway, is reported as resting well, although his condition seems unchanged.

The lad is conscious the greater part of the time, but is paralyzed and unable to converse.

MANY PARTIES ENTER CONTEST

That the voters of the nation will have a wide selection of political parties and presidential candidates from which to select at the November election is disclosed in information which has been received by county political leaders. There are at least eight candidates for President and vice president Twelve parties claim national organizations and will support these candidates. The smaller groups are apparently badly split up over certain issues and in some instances there have been bitter battles in the ranks.

Some of the parties and their candidates follow:

Republican—President Calvin Coolidge. Massachusetts; General Charles G. Dawes, Illinois.

Democratic—John W. Davis, West Virginia; Governor Charles W. Bryan, Nebraska.

Conference for Progressive Political Action—Senator Robert La Follette, Wisconsin; Senator Burton Kendall Wheeler, Montana.

Prohibition—H. P. Faris, Missouri; Miss Marie C. Brehm, California.

American—Gilbert O. Nations, Washington; L. H. Pickert, Kentucky.

Socialist-Labor—Frank T. Johns, Oregon; Verne L. Reynolds, Baltimore.

Workers—William Z. Foster, Illinois; Benjamin Gitlow, New York.

Commonwealth Land—William J. Wallace, New Jersey; J. E. Lincoln, Cleveland.

Some of the parties which will participate in the campaign and in some instances give a measure of support to the candidates of other parties are the Socialist Farm-Labor, National Independent and Proletarian.

Philly Mint Makes Some Polish Coins

Philadelphia, Aug. 26.—The Philadelphia mint soon will be making for Poland approximately $5,000,000 worth of zlotties, a new Polish coin, equivalent to 19 3 cents in American money.

Only once before has the United States been called upon to do work of this kind for a European country—that was during the war when coins were turned out for French Indo-China. The Philadelphia mint has made coins for some South American countries for many years, however.

Since the war, Poland has done the majority of her business in paper money and the new coins will be equivalent to the French franc and the Belgian belga.

Dies have been made and forwarded to the Polish government for approval. They are expected to be returned within a month, accompanied by a contract for the production of the coins.

Mr. O'Donnell has never been connected with the Bank of Donora, but was secretary and treasurer for the Union Trust Company of that town.

HIS COMPANION ESCAPES

H. J. Barre, 38 Years Old, Also On the Tractor, Escapes By Jumping—One Arm Badly Bruised, But He Suffered No Other Hurts, It Is Said

Earl Wilson, aged 49 years, a farm hand, employed by James L. Grable, had his skull fractured and other serious injuries when the tractor he was driving was struck at a point near the Children's Home at Arden last night at 5 30 o'clock. H. J. Barre, 38 years old, who lives at Scenery Hill, a companion of Wilson, escaped by jumping. His arm was badly bruised, but he suffered no other injuries, apparently

A signal bell at the crossing is said to have been sounding an alarm of the approach of the train, but it is presumed that its ringing was drowned by the rumbling of the tractor. A curve in the railroad track made it impossible for the engineer to have a clear view of the crossing until he was upon it.

PRINCE OF WALES GETS NEW TITLE

Aboard the Barengaria, August 25—The Prince of Wales has acquired a new title—that of the best boxer among the passengers on board the Berengaria. The Prince got his title after a workout with the ex-professional Georges Carpentier, enthusiastic about His Royal Highness' ability.

The weather continues perfect and the Prince seems to be enjoying every minute. There was a flurry of excitement among the many pretty American girls on the ship when it was announced the British heir would dance at one of the evening balls and it is certain every girl will try for at least one dance with him.

A long program of sports also has been arranged and the prince will take part.

It was understood on ship board that the prince will disembark from the Berengaria off Oyster Bay Friday in a specially chartered launch He will go to Washington in a special train. His luncheon with President Coolidge will be entirely private and informal.

Business Man Is Mulcted Of $40 By Bad Check Artist

Bad check artists are again working in the borough, according to reports made to the police yesterday and today.

A woman giving her name as Mrs William Jackson, accompanied by a small boy, whom she claimed to be her son, came into the borough shortly before three o'clock yesterday afternoon and entered a business house. After getting value received to the amount of $5, she handed the local business man a check on the Charleroi Savings and Trust company, amounting to $45, a check supposed to be made out to her husband from his employer, Harry F. Cooler. The business man handed Mrs. Jackson $40 in exchange for the spurious check. A few minutes after the woman left the establishment, the local man called the bank, only to find that there was no such account at the institution. In vain the business man instituted a search, but no trace of the woman or the boy has been found. Aid of the police has been enlisted and it is hoped that the woman will be caught.

Other business men also complain of getting "caught" with a bad check yesterday and today by other bad check artists.

PRESIDENT TO GREET FARMERS

Plymouth, Vt., August 26.—President Coolidge will spend most of today shaking hands with a thousand Michigan farmers and their wives, who, as members of the National Grange, are making an automobile tour of New England, inspecting farm conditions.

The party arrived at Rutland, 26 miles from here last night and will drive past Colonel Coolidge's home to greet the president.

General Charles G. Dawes, the president's running mate in the coming elections, left for Chicago last night after a brief visit with Mr. Coolidge.

No reference to the Ku Klux Klan, according to Dawes, was made by the Republican nominees for president and vice-president in their two-hour conference.

They discussed proposed farm legislation for submission to Congress in December and the personnel of the proposed presidential commission to draft a definite program for agricultural relief.

It had been assumed that the president wished to talk over the Klan problem with Dawes which has now become the leading subject of discussion in the campaign but his ignoring the topic has left party leaders still at sea as to how he will handle it.

After a week's study of the tariff commission's sugar report, the president indicated today he would soon be ready to make public his decision. Under the law the president may increase or decrease duty on sugar 50 per cent.

It is reported that the commission's majority report recommended a 25 per cent decrease and that the minority has filed a report protesting at any change.

Due to the absence of any important engagements on Friday the president has decided to prolong his vacation as long as possible and will not leave here until Thursday night, arriving in Washington the following day.

RINGLEADER TAKEN WHILE HE SLEEPS

POLICE ASKED TO AID IN SEARCH FOR A YOUNG GIRL

The local police have been asked to assist in the search for Susan Hidit, aged 16, daughter of Mr. and Mrs. John Hidit of 942 Shady avenue, who disappeared from her home about a week ago.

Any information concerning the girl's whereabouts would be kindly received by the girl's parents or the police.

Accused of being the ringleader of a quartet of youths who conducted a raid on the vineyard of Richard Collier, of near Finleyville, Stanley Chinko, 18 years old, who was taken into custody yesterday morning while sleeping in a barn, by Constable Jack Reed of Union township, was taken to the Washington County jail last night. He was unable to furnish the required bail as imposed by Justice of the Peace C. W. Woody of Finleyville.

Chinko, who was arrested and served a term in the workhouse for a robbery in Allegheny county, is charged with larceny and destruction of property. The Collier vineyards were raided last year and a wagon-load of grapes hauled away. In the recent raid, Mr. Mesta, a son-in-law of Mr. Collier, discovered the gang of boys in the vineyard. He opened fire on them, and one of them was so badly frightened he was caught. Three of the youths who had never been in trouble before, were released.

Chinko remained in hiding, but his sleeping place was finally discovered and he was awakened yesterday morning to find himself in the custody of Constable Reed.

GEN. DAWES' PLAIN SPEECH.

When General Dawes was nominated for Vice President his fondness for plain and picturesque speech was well known, but it was naturally expected that he would employ his talents with discrimination; confining his attacks to the opposition. It was scarcely foreseen that in his speech of acceptance he would lay about him so promiscuously. Of course, he has no kind word for the Democrats and he flays LaFollette in characteristic fashion, according the Wisconsin man the position of chief adversary instead of stopping there, he overlooks the fact that the active opponents of the World Court and its only determined critics are within his own party, and contemptuously refers to "the bogymen and smoke-screens thrown up from behind political fences by men who would drag this issue from the high plane of question of high purpose, of clear, simple and plain duty into the mire of political demagogery."

He even goes as far as the following indignant outburst: "To morally rot in a policy of national isolation rather than to cleanly contest in those mental battlefields in which questions must be solved for the advancement of civilization, both here and abroad—is that the temper of the American people? I think not!" It is quite probable that Senator Lodge and a few other prominent Republicans, on reading this, will be disposed to ask, "Whom does he think he is hitting?" General Dawes seems to be as unconscious of the obvious answer to this question as he is unaware of the split of infinitives accompanying the wide sweep of his correcting rod.

Elks Boxing Club Arranges Great Card For Labor Day

The E lks Boxing club of Charleroi has arranged one of the greatest cards ever staged in Charleroi for Labor day, next Monday, September 1. The main bout is one that Motor Square Garden in Pittsburgh would be proud to secure, viz. Tony Norman, vs. "Bricky" Ryan. Norman has met both flyweight champions, Villa and Genaro, while Ryan, "Red" Mason's star bantam, needs no introduction to the local fans.

The semi-final will bring together Homestead's classy flyweight, Hugh Manson, and Willie Davis of Roscoe, whom the local fans believe is a coming champion. In Mason, Davies will be facing the best boy he has been called upon to meet thus far in his career. Manson has beaten both Tommy Crowley and Tony Tortoise, two of Pittsburgh's best flyweights.

In the second bout, Matchmaker Campbell has lined up a bout that is sure to prove a sensation—one that will rival the main go in interest—'Boss" Biesenkamp of North Charleroi, who last year was a star on the [illegible] High School Football team and Joe Naisel, Monessen's popular policeman, who is bringing half of Monessen over to see him give "Boss" a lesson in the fistiania art.

In the opener, David Davis, a brother of Wee Willie," meets another Charleroi favorite in Young Ruddy of the H. T. A. C. club.

Tickets will be on sale at Henning's Drug Store, the Grand, Victory, and the Buchanan Billiard parlors.

ZIVIC AND DEMARCO MATCH IN MAKING; PITTSBURGH ARENA

The much talked about and long wished for meeting between Cuddy DeMarco and Jack Zivic may be realized for a Pittsburgh arena soon. Last night Jake Goldstein, matchmaker for the Braddock Elks, who turned the Edgar Thompson ball field into a fight arena and successfully staged the DeMarco-Dick Conlon bout recently, left for New York to confer today with James Mason, DeMarco's manager, for terms for the bout. According to Goldstein, Jimmy Bronson has already agreed to let Zivic meet DeMarco and the only hitch now is getting Mason to agree.

There is likely to be a hitch in this, though, as DeMarco is scheduled to appear in the lightweight elimination bout on September 18 against a yet to be selected opponent, and a winner in this bout would hardly jeopardize his chances for further advancement by taking on Zivic. However, it may be that Mason is eager for the match since Zivic's defeat by Jack Bernstein, whom DeMarco has already beaten.

The Queensboro A. C. boxing show, New York, scheduled for last evening was postponed until this evening on account of threatening weather. The weighing in of the contestants, however, took place yesterday at the Queensboro gym and revealed certain interesting facts Cuddy DeMarco and Tommy O'Brien, who clash in one of the three 10-rounders carded, each weighed in at 134 pounds. Ernie Gooseman, who is making his Eastern debut against Bud Dempsey, weighed in even 126.

From this it will be seen that DeMarco, who is one of the 10 boxers selected by the state athletic commission to fight it out for the right to meet Benny Leonard, is a genuine lightweight.

GAME WITH BEAVER FALLS TO BE CALLED AT 5:30

The baseball game between the Beaver Falls Elks and the Charleroi Independents will be called at the local park tomorrow night at 5:30 o'clock. As the days are growing shorter, this time was decided upon by Manager D. Cleve Mathers.

From conversation heard this contest promises to be one of the most interesting and exciting of any of the games played on the Charleroi diamond this season. The Beaver Falls Elks have met and defeated nearly every club they have played this season, and are a strictly high class organization. They will come here with their full strength.

Beatty and Latriam and Costello will be the battery selections of Manager Mathers. It is probable that Beatty will start and will be relieved in the box providing he can hold the Beaver Falls sluggers as he did on their appearance here last year.

CUYLER'S BAT IN EVIDENCE—PHILLIES ARE BEATEN 7-4

Upwards of 2,000 cheerful baseball fans braved the blackest kind of a sky yesterday and saw Earl Smith make $100 and some new history by popping a cute little fly over the distant right field wall and winning a cash reward from the Pittsburgh Post. They also watched the Pirates conquer the Phils, 7 to 4, after it had been necessary to battle their way to a standstill on two occasions. While the engagement was in its early stages the handwriting upon the scoreboard told of a defeat for the Giants and this placed the Corsairs within three games of the leaders, who afterward trounced the Cubs in the last part of a double header, thereby changing the margin to three games and a half.

The Forbes Field program called for a bargain, but bum weather made such a thing out of the question—in fact, it looked decidedly dubious about any ball game whatever. Threatening overhead conditions on Sunday night induced Groundkeeper Jack Fogarty to spread the great canvas cover. Heavy rains yesterday morning thus failed to reach the infield but they soon made the unprotected sections as soft as buckwheat batter. At the last minute it was decidedly silly to play two games, but the Pirate management determined to make every effort to get in one of them. In this they were successful, but two contests are left on today's slate, starting at 2 o'clock.

FRIEND SAID "DON'T DO IT!"
Try Lydia E. Pinkham's Vegetable Compound First. Proved Good Advice

Chicago, Illinois.—"Just a few lines to let you know what Lydia E. Pinkham's Vegetable Compound did for me. I was married going on for three years, and went to a doctor and was taking treatments twice a week for pains every month. I used to lie in bed three or four days with them and the doctor would call and inject something into my arm to put me asleep so I would not feel the pains. At last she said I would have to be operated on if I wanted any children. 'Well, I just happened to go to see a friend with her first baby and I told her I was going to the hospital, and she said, 'Don't do it! You go and get a bottle of Lydia E. Pinkham's Vegetable Compound and you won't need any operation.' So my husband got me a bottle right away. Now I have two lovely children. Believe me, I recommend the Vegetable Compound to any woman I know has any kind of female trouble. It has helped me and a lot of my friends."—Mrs. A. McANDLESS, 1709 S. Morgan St., Chicago, Ill. LUCKY STRIKE

IT'S TOASTED

Cleanliness and Care in Manufacture

Every Lucky Strike factory is a model of sanitation. Read how Alfred W. McCann, the noted food expert describes one of our factories: "White walls and ceilings, floors as clean as freshly chiseled marble, cutting machines and wrapping machines that take away from the human hand all detail and leave nothing to the human supervision but the watchfulness of trained eyes."

Facts About Taxes on Cigarettes

WE call particular attention to the statements made in the advertisement adjoining this editorial column.

This advertisement, the purpose of which is to win new friends for Lucky Strike cigarettes, incidentally emphasizes the matter of high taxes on cigarettes.

To those who are intimate with such matters there is, of course, no surprising statement made.

To the general public though we believe it will be surprising to learn that nearly *half of what they pay for cigarettes goes to the government for taxes.*

The internal revenue stamp on a package of twenty Lucky Strike cigarettes *costs you* six cents. On a tin of one hundred the revenue stamp *costs you* thirty cents.

So nearly fifty cents out of every dollar you spend for cigarettes is *spent by you* for taxes.

This is certainly the heaviest tax on an article of daily and universal consumption.

The Tobacco Industry and Taxes

The aggregate tax paid by the tobacco business is with one exception *income taxes*, the largest item of internal revenue the federal government receives. Last (fiscal) year it amounted to $309,014,050.84.

Of this enormous amount of money the cigarette industry paid $182,715,735.93, or nearly two-thirds of the total tax paid by the entire tobacco business.

The immediately important point of the foregoing is the following. We believe you will appreciate that when nearly fifty cents of every dollar paid by you for cigarettes goes to the government, you must receive in cigarettes a value in return for your money that is rarely given in any commodity.

That the public generally appreciates this great value is shown by the enormous increase in the consumption of cigarettes.

Our reasons for this tax free offer

We know this offer induces men to try Lucky Strikes—it "Wins New Friends."

We know that a large percentage of those who get acquainted with Lucky Strikes adopt them.

This isn't philanthropy nor propaganda—just good business, as you'll agree.

The offer is limited. We cannot afford to keep it up.

We make it sensationally generous so as to attract attention.

We are not giving money away for the offer accomplishes its purposes. Lucky Strike "Wins New Friends." Our volume increases.

Super-quality

It is only by immense volume that we can produce such an aristocratic cigarette as Lucky Strike at such a democratic price.

Its quality is supreme because it has that costly, extra process, toasting, which improves the flavor and adds to the taste of even the finest tobaccos that are used in Lucky Strikes.

We urge you to participate in this offer—we want you to get acquainted with Lucky Strikes.

We know a trial will make you a permanent customer of ours.

DON'T PARK ON A ROADWAY; ON CURVE, AT OR NEAR HILL TOP

"If motorists would avoid doing those things which, when done by other motorists, cause them inconvenience or danger," says H. H. Franklin, president of the Franklin Automobile Company, "there would soon be an elimination of many of the dangerous practices now in vogue.

"For instance, the matter of stopping or parking along the highways without getting out of the road, or the very dangerous practice of parking near a curve or at the top of or near the top of a hill.

"The highways commission of some Middle Western States have placed signs prohibiting parking on the paved road. Many accidents would be avoided if such a prohibition were adopted generally. Parking on the pavement to replace a tire or to make some adjustment to the engine may leave room for one car to pass but it is bound to produce an embarrassing situation where two rapidly moving cars approach from opposite directions at the same time. It is apt to result in an accident to stop cars near a curve or the top of a hill. Especially is this true at night when the approaching driver is unable to tell until a short distance away whether the parked car is moving or at a standstill."

DAVIS SELECTS OHIO TO OPEN HIS CAMPAIGN

Aboard John W. Davis' Train, En route to Columbus, O., August 26—John W. Davis, Democratic standard-bearer came to Ohio today prepared to carry his fight for the presidency to the home state of former Attorney-General Harry M. Daugherty on an "honesty in government" issue.

In selecting Ohio as the state in which to open his campaign in the middle west, Davis was impelled by a desire to stress alleged laxity in the department of justice under Daugherty's administration. Those close to Davis said that in his speech today before the Ohio state democratic convention he would seek to hammer home the "common honesty" which he believes to be the paramount one of the campaign.

Following his address to the convention Davis will visit the Ohio state fair here and talk informally.

The candidate rose early today, encouraged by the cordial reception given him by crowds along his route from New York. He was greeted by several hundred enthusiastic Democrats at Harrisburg, Pa., last night when he alighted from his car. Davis did not attempt to make a speech but proceeded at once to shake hands and chat with those who had come to cheer him.

"Gosh, but he's got a mighty grip."

Davis and his party are on the special car President Jefferson and expect to leave Columbus late today for New York, where the candidate will prepare for his swing into the west beginning with his Labor Day speech at Wheeling next Monday.
